## Report of Principal and School Improvement Council

Coosa Elementary School had a very successful 2009-2010 school year. Once again, the school met AYP (Adequate Yearly Progress) under the federal "No Child Left Behind" legislation. While we are extremely proud of our student achievement results on the 2009 PASS and impressive 2009-2010 MAP results, we continue to seek and implement ways to build on past success to maintain academic excellence.

As principal, I believe our past and present success is directly related to the participation, involvement, and combined efforts of motivated students, parents, staff, district administrators, and community volunteers. As with any organization, competent and dedicated people are key components.

Coosa is fortunate to have a staff of experienced, diverse, and caring individuals. They model the importance of being lifelong learners. This past year, we had Instructional Coaches in Literacy, Math, and Technology who supported teachers in further developing "best instructional practices" through professional learning opportunities and acquisition of resources. The number of National Board Certified teachers grew to eight, and nine of our teachers are now gifted endorsed. All Coosa teachers are embracing and using interactive whiteboard technology as part of instruction to prepare students for the 21st century. Throughout the school, each teacher is devoted to our mission of building "a safe, secure learning community that challenges students to become lifelong learners and productive citizens in our global society." We continue to hold high expectations of ourselves as educators, as well as our students. Student failure is unacceptable, and we work tirelessly to see that each and every student receives a rigorous and fulfilling education.

Community members and parents volunteer their time, service, and assistance to support the school, work with students, and assist teachers. The Coosa Business Partners offer assistance anytime they are asked. A very active School Improvement Council and Parent Teacher Organization, along with the faculty and staff, offer feedback in our ongoing self-evaluation and yearly update of the School Renewal Plan. The strategic goals of this plan are aligned with the school district goals and include increased student achievement, use of "best practices," actively engaging community and stakeholders, providing resources to support learning, ensuring a safe and healthy environment, and effective communication.

Coosa continues to keep the value of student learning our first priority and live by our motto of "Building Our Future....One Child at a Time."
